No. 198, dated 5th September 1856.—The services of Assistant Surgeon Williamson, doing duty with the 3rd Madras European Regiment, having been placed at the disposal of the Resident, he is appointed to the Medical charge of the 4th Infantry, Hyderabad Contingent.

4. Officers having once contributed a Donation to a Mess of any regular Regiment are exempted from payment of any further Donation, except the difference on promotion.

5. Officers doing duty with a regular Regiment will not be required to pay a Donation. They are to be considered as Honorary Members, and are liable to the Monthly Subscription only.

6. The Donation of young Officers and Assistant Surgeons is considered due from the date of their coming into a Corps, but it will only be recovered from them by instalments, commencing twelve months from date of their being first posted to a Regiment.

7. All Officers borne on the Rolls of a Regular Regiment, including Absentees on Staff or Detached employ, and Officers doing duty, are liable to the Monthly Subscription, so long as they may continue in India, or are in receipt of Indian Allowances, though out of India.

8. The Donation and Subscription, as well as the amount of the Mess Bills of Officers, certified by the Commanding Officer, are to be deducted monthly from the Pay Abstracts by Pay Masters, and remitted, along with the Pay Drafts of Corps, to the Commanding Officer of the Regiment, on account of the Mess.

9. The Commanding Officer of the Regiment is held responsible for the general superintendence of the Mess, and it is his duty especially to observe that no expenses are incurred by the Mess Committee, which would involve the Officers in difficulty and the Mess in debt.

10. General Officers inspecting Regiments will be required to report upon the state of the Mess, and it is their duty to see that the Regulations respecting Messes are regularly enforced by all serving under their orders.

11. The General Regulations for Regimental Messes, which have been approved by Government and confirmed by the Hon'ble the Court of Directors, will be issued to Corps by His Excellency the Commander-in-Chief, who is requested to issue such subsidiary Orders as may be necessary to insure the establishment and maintenance of Regimental Messes on a firm and economical basis.

No. 1325 of 1856.—The under-mentioned Officers, who quitted India on Furlough prior to the 23rd March 1855, and who had previously commanded Regiments as Majors or Lieutenant-Colonels for not less than two years, are, under the provisions of Government General Order No. 1164, of the 8th September last, promoted to the rank of Colonel in the Army, from the dates expressed opposite to their respective names :—

Madras Exhibition of 1857.**NOTIFICATION.**

THE Right Honorable the President and Members of the Committee for the Madras Exhibition of 1857 have the honor to announce, that Articles from all Countries will be admitted to the Madras Exhibition, to be held in the beginning of 1857, and be allowed to compete for Prizes; but, with a view to promote the good of this Country, it is hereby notified that Money Prizes, Medals, &c. will only be given for Articles capable of being applied in the Arts and Manufactures of India, or calculated to be of use to its people.

It will be necessary that each Local Committee attend to the following points :—Each Article sent for Exhibition must be (1) distinctly labelled, and the label must (2) set forth the district or locality from which the Article is sent; (3) the name of the Exhibitor; and (4) the price of the Article. Each Local Committee will also state in their Invoice List, how each article they send is to be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

The several Local Committees will consider themselves at liberty to add to their numbers such influential Natives of their District as they may consider likely to aid them in promoting the objects in view.

It would greatly facilitate the accurate performance of the duties of the General Committee if the Local Committees and the Exhibitors when addressing communications on the subject of the Exhibition would adhere to the official form of communication; or, in case of the non-official or private form being adopted, if they would so mark the letter, or such portions of it, in case of the letter being of a mixed nature, as may be intended to be private or non-official.

EDWARD BALFOUR,
Secretary, Madras Exhibition.

Banqueting Hall, }
7th February 1856. }

With reference to the foregoing Notification, which the undersigned has been requested to publish in the *Calcutta Gazette*, he begs to state that he has been also requested to receive from the Bengal Presidency all Packages containing Contributions for the Madras Exhibition of 1857.

J. H. BELL,
Officiating Mint Master.

Notification.

PERSONS desirous of working the valuable Diamond Mines of the Maha Nuddee are hereby informed, that after the 1st of January 1857, the privilege will be leased to any one who shall be considered to have made the most eligible offer for the same.

2nd. Besides Precious Stones, Gold is to be met with in considerable quantities and the party who may rent the privilege of working the Diamond Mines will be entitled to appropriate all Diamonds, Precious Stones and Gold that he may find in the bed of that river within the limits of the Sumbulpore Division during the period of his lease.

3rd. Unless a proportional inducement be offered, a lease will not be granted for a period of more than three years, but applicants are requested to state at what rate per annum they are agreeable to rent the Mines, and how many years' lease they are desirous of obtaining, with particulars of all modifications they may wish made in the conditions now set forth.

4th. Parties proposing to rent the Mines must be prepared to lodge in the Treasury at Sumbulpore one year's rent in advance as security for the fulfilment of the terms of the lease taken up by them, and the rent will be demanded in three instalments yearly. If at any time during the lease, the period of one year, calculated from the date of payment of the last instalment, be allowed to elapse without the payment of an instalment, the security money shall be forfeited and the lease considered to have expired.

5th. Further particulars may be learnt on applying to the Officiating Senior Assistant Commissioner at Sumbulpore.

MEMO.

THE following revised Directions for approaching the Sandheads are published for general information.

By order of the Offg. Supdt. of Marine,
FORT WILLIAM, } H. HOWE,
The 15th September 1856. } Secretary.

DIRECTIONS

FOR

APPROACHING THE SANDHEADS IN BOTH MONSOONS.

THE SOUTH-WEST MONSOON.

THE South-West Monsoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2nd. False Point Light House is in latitude $20^{\circ} 19\frac{1}{4}'$ North and longitude $86^{\circ} 47'$ East, and a Buoy is placed in $21\frac{1}{2}$ fathoms on the Pilot's Ridge, in latitude $20^{\circ} 49\frac{1}{4}'$ North and longitude $87^{\circ} 42'$ East, the Buoy therefore bears from False Point Light House North $59^{\circ} 49'$ East, true, and distant $59\frac{1}{2}$ miles.

3rd. A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the soundings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruising ground is immediately to the North-East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoy on the Ridge.

4th. The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5th. Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to heave to, at a proper distance, till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6th. The Eastern Channel Light Vessel is in latitude $21^{\circ} 04'$ North and longitude $88\frac{1}{2}^{\circ} 14'$ East, and therefore bears from the Buoy on the Pilot's Ridge, North $63^{\circ} 26'$ East, true; and distant $32\frac{1}{2}$ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M.; and her standing light is a plain light.

7th. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a

plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8th. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9th. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruise in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.

Notice.

WITH reference to the 4th Clause of the Rules for the Receipt of Bullion, sanctioned by Government on the 27th June 1856, the under-mentioned By-Laws have been sanctioned by the Mint Committee.

J. H. BELL,

Offg. Mint Master.

CALCUTTA MINT, }
The 25th October 1856. }

BY-LAWS ON THE MINT BULLION DEPOT,
SANCTIONED BY THE MINT COMMITTEE
ON THE 25TH AUGUST 1856.

EXTERNAL.

1. All Tenders of Bullion are to specify the number of boxes of Silver or Gold, and to be numbered, in the order of delivery into the Bullion Depot, when all the boxes specified in a Tender are brought in.

2. When a portion only is brought in, the Tender is to be numbered after the delivery of the number of boxes specified is completed.

3. The Bullion tendered is to be delivered by the authorized Agent, who will see to the locking up of the boxes in the Strong Room of the Depot.

4. The Tenders are to be dealt with according to priority of numbers, if the authorized Agent be in attendance; if not, the next in succession, having an Agent in attendance, is to be taken in hand. The order of succession only applies to Silver taken out for one species of treatment, either Melting or Cutting and Burning.

5. In Melting, separate Tenders are to be melted in different furnaces and kept distinct.

6. In Cutting and Burning, only one party's Bullion is to be taken into the room at a time, and is to be accounted for before another's is sent in.

7. Importers sending in two or more Invoices of Silver with only one Tender are, however, to understand, that their Agents alone will be responsible for keeping the Silver belonging to each Invoice separate; but if the Silver of each Invoice be separately tendered, every care is to be taken to keep them separate.

8. Bullion, after having been taken out of the boxes, is to be weighed into and out of the Melting Room, or the Cutting and Burning Room, as the case may be.

9. Importers are distinctly to understand, that their Agents are to satisfy themselves as to the accuracy of the weighments of their Bullion in the Bullion Depot, both before and after Melting and Cutting. The Bullion Clerk merely takes down the weighments for the Mint Master's satisfaction. If the Importer's Agent should observe any thing, either in the beam or the method of weighing, that he disapproves of, he should make it known at once, and every facility will be rendered him to make the necessary corrections; so that Importers must look only to their Agents for explanation, in case of any discrepancy that may occur between the Invoice and the Mint weighments.

10. *Registry of Bullion.*—Importers' Bullion, after having been melted or cut, and when ready for registry, will be passed through the two Iron Gates between the Assay Office and Pre-melting Room, and through the Warder's Lodge into the

Bullion Office; and after the Bullion has been registered, the Importers' Agents, Durwans, &c., are to go out through the Mint Gate only.

11. *Passes.*—All Passes for Silver and Gold required to be sent out of the Bullion Depot, whether spillage from Melting Room, or chips, &c., from Cutting Room, or Bullion rejected by the Mint previous to registry, or withdrawn by Importers are to be made out by the Bullion Clerk and sent to the Mint Master for his signature, and then delivered to the Importers' Agents for the endorsement of the Importers; after which the Bullion will be passed out through the Gate leading to the Bullion Depot, so that there will be no occasion for such Bullion to go into the Mint proper at all.

12. Importers are not required, in addition to the one per mille charged by the Mint, to pay any other charges, such as for Gunny Bags, or Cooly hire, after the Silver has been once taken into the Strong Room. Spillage, broken pots, &c., are of course to be taken away at the expense of the Importers.

13. Coolies for removing and opening boxes, and removing Bullion from place to place, will be engaged by the Mint, and arrangements are to be made for having three Coolies in attendance upon every lac of Bullion that may be operated on.

14. Importers may have a guard at the Strong Room door during working hours if they choose, as their Treasure is in deposit at their risk.

15. Bullion or Coin once rejected by the Mint as brittle shall not again be received for the purpose of being melted or cut for Coinage, without the special authority of the Mint Master.

J. H. BELL,
Offg. Mint Master.

Madras Exhibition of 1857.

NOTIFICATION.

THE Right Honorable the President and Members of the Committee for the Madras Exhibition of 1857 have the honor to announce, that Articles from all Countries will be admitted to the Madras Exhibition, to be held in the beginning of 1857, and be allowed to compete for Prizes; but, with a view to promote the good of this Country, it is hereby notified that Money Prizes, Medals, &c. will only be given for Articles capable of being applied in the Arts and Manufactures of India, or calculated to be of use to its people.

It will be necessary that each Local Committee attend to the following points:—Each Article sent for Exhibition must be (1) distinctly labelled, and the label must (2) set forth the district or locality from which the Article is sent; (3) the name of the Exhibitor; and (4) the price of the Article. Each Local Committee will also state in their Invoice List, how each article they send is to be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

The several Local Committees will consider themselves at liberty to add to their numbers such influential Natives of their District as they may consider likely to aid them in promoting the objects in view.

It would greatly facilitate the accurate performance of the duties of the General Committee if the Local Committees and the Exhibitors when addressing communications on the subject of the Exhibition would adhere to the official form of communication; or, in case of the non-official or private form being adopted, if they would so mark the letter, or such portions of it, in case of the letter being of a mixed nature, as may be intended to be private or non-official.

EDWARD BALFOUR,
Secretary, Madras Exhibition.

With reference to the foregoing Notification, which the undersigned has been requested to publish in the *Calcutta Gazette*, he begs to state that he has been also requested to receive from the Bengal Presidency all Packages containing Contributions for the Madras Exhibition of 1857.

J. H. BELL,
Officiating Mint Master.

Notification.

PERSONS desirous of working the valuable Diamond Mines of the Maha Nuddee are hereby informed, that after the 1st of January 1857, the privilege will be leased to any one who shall be considered to have made the most eligible offer for the same.

2nd. Besides Precious Stones, Gold is to be met with in considerable quantities and the party who may rent the privilege of working the Diamond Mines will be entitled to appropriate all Diamonds, Precious Stones and Gold that he may find in the bed of that river within the limits of the Sumbulpore Division during the period of his lease.

3rd. Unless a proportional inducement be offered, a lease will not be granted for a period of more than three years, but applicants are requested to state at what rate per annum they are agreeable to rent the Mines, and how many years' lease they are desirous of obtaining, with particulars of all modifications they may wish made in the conditions now set forth.

4th. Parties proposing to rent the Mines must be prepared to lodge in the Treasury at Sumbulpore one year's rent in advance as security for the fulfilment of the terms of the lease taken up by them, and the rent will be demanded in three instalments yearly. If at any time during the lease, the period of one year, calculated from the date of payment of the last instalment, be allowed to elapse without the payment of an instalment, the security money shall be forfeited and the lease considered to have expired.

5th. Further particulars may be learnt on applying to the Officiating Senior Assistant Commissioner at Sumbulpore.

MEMO.

THE following revised Directions for approaching the Sandheads are published for general information.

By order of the Offg. Supdt. of Marine,
H. HOWE,

FORT WILLIAM, } *Secretary.*
The 15th September 1856. }

DIRECTIONS

FOR

APPROACHING THE SANDHEADS IN BOTH MONSOONS.**THE SOUTH-WEST MONSOON.**

THE South-West Monsoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2nd. False Point Light House is in latitude $20^{\circ} 19\frac{1}{2}'$ North and longitude $86^{\circ} 47'$ East, and a Buoy is placed in $21\frac{1}{2}$ fathoms on the Pilot's Ridge, in latitude $20^{\circ} 49\frac{1}{2}'$ North and longitude $87^{\circ} 42'$ East, the Buoy therefore bears from False Point Light House North $59^{\circ} 49'$ East, true, and distant $59\frac{1}{2}$ miles.

3rd. A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the sound-

ings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruising ground is immediately to the North-East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoy on the Ridge.

4th. The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5th. Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to heave to, at a proper distance, till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6th. The Eastern Channel Light Vessel is in latitude $21^{\circ} 04'$ North and longitude $88\frac{1}{4}^{\circ} 14'$ East, and therefore bears from the Buoy on the Pilot's Ridge, North $63^{\circ} 26'$ East, true; and distant $32\frac{1}{2}$ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M.; and her standing light is a plain light.

7th. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8th. It is important to observe the difference as to the blue lights and maroon shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9th. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruise in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.

Marine Department.**SAILING DIRECTIONS FOR ENTERING
THE HARBOUR OF DALHOUSIE**

Latitude..... 16° 7' 00" N.
Longitude..... 94° 27' 00" E.

1st.—Vessels of 14 feet draft and upwards, should, on no account, attempt the passage to the Westward of Négrais Island.

2nd.—Vessels coming from the Southward should bring Diamond Island to bear North-West then steer for it until the Fairway Buoy is visible, which is situated 1½ mile North-East of the Island. Steer North North-East from this Buoy until Black Buoy bears East, then North-East by North.

3rd.—Vessels entering from the Westward, in Latitude North of Diamond Island, should bring it to bear South-East, steer in for it until the Fairway Buoy is made, then proceed as above directed for vessels entering from the Southward. This passage, however, should be attempted by sailing vessels only in the North-East Monsoon.

4th.—Vessels unable from stress of weather to distinguish the different marks, should anchor under Diamond Island where good anchorage and smooth water is to be found.

Lieutenant Ward's Chart of the Bassein River is an excellent guide, and vessels provided with them scarcely need Pilots.

The following Buoys are now laid for the guidance of Commanders and Masters:—

A first class Red Buoy marks the extreme South end of the Orestes Shoal.

A first class Red Buoy marks the Eastern limit of the Orestes Shoal.

A first class Black Buoy marks the extreme edge of the Shoal extending from Porian shore.

A first class Red Buoy, marked Fairway, in white letters, is placed 1½ mile North-East of Diamond Island.

N. B.—The Shoal extending South of Négrais Island is now called the Orestes Shoal, and that extending from the Porian shore Westward the Porian.

VII. Letter from Officiating Secretary to Chief Commissioner, Punjab, dated 23rd September 1856, No. 701.

RESOLUTION.

1. The Right Hon'ble the Governor General in Council is pleased to declare—

I. That from and after this date, all Officers of the rank of Commissioner in the Punjab and Oudh, being Civilians, shall be considered equally eligible with their brethren in the North-Western Provinces to Commissionerships, and other superior appointments in the latter.

II. That Civil Servants attached to the Punjab and Oudh, as soon as they shall have attained to the rank of Deputy Commissioner, or to any other Office yielding a salary of not less than Rupees 1,000 per mensem, shall be eligible for appointment to the Office of Collector and Magistrate in the North-Western Provinces; and shall be entitled, as of right, to have their claims to promotion taken into consideration by the Lieutenant-Governor, North-Western Provinces, in common with those of their cotemporaries serving within His Honor's jurisdiction.

2. In order to give full effect to the measure which His Lordship in Council has resolved upon, it appears to be necessary to lay down the following Rules:—

1st.—That Civilians from the North-Western Provinces only, shall be selected for service in the Punjab or Oudh.

2nd.—That, in posting Civilians, the requirements of the Punjab and Oudh shall be taken into account by the Home Department, and the men be gazetted to "the North-Western Provinces, the Punjab, and Oudh."

3rd.—That in each of the grades of Deputy Commissioner and of Assistant Commissioner,

there shall be, as nearly as practicable, an equal number of Civilians and of Military or Uncovenanted Officers; and that coming vacancies shall be so filled up as gradually to bring about this proportion.

4th.—That whenever a Civilian attached to the Punjab or Oudh Commission shall be promoted to the Office of Magistrate and Collector in the North-Western Provinces, a Civilian shall be selected by the Government of India from the North-Western Provinces, and posted to either Commission, either as an Assistant Commissioner, or as a Deputy Commissioner of any grade, as the Government may think fit. Such vacancies shall be considered exceptional, and the consequent arrangements discretionary with the Government.

5th.—That the Chief Commissioners in the Punjab and Oudh shall furnish to His Honor the Lieutenant-Governor, North-Western Provinces, with Quarterly Lists of those Civilians, who may be eligible under the foregoing rules for the Office of Magistrate and Collector in the North-Western Provinces.

Notification.—*The 23rd October 1856.*—With the sanction of the Governor General of India in Council, it is hereby declared that the Port of Akyab is subject to Act No. XXII. of 1855.

The limits of the said Port of Akyab are as follows:—

To the South, a line drawn from the boundary pillar on Fakeer's Point to the Great Savage Light House, from thence to the Northernmost point of Walekeon Island, and from thence to the boundary pillar on the North bank of the Toungpoomrit Creek.

To the North, a line drawn from the boundary pillar on the North bank of the Mougie Creek to the boundary pillar on the North bank of the Toungpoomrit Creek.

So much of the Cherogyah Nullah as lies to the Eastward of a line drawn from the boundary Pillar at the Eastern extremity of the Government Bankshall to the boundary pillar on the opposite side of the Nullah and so much of the Jullie Khallie or Pytsick Keing as lies to the eastward of the Jullie Khallie Bridge.

The limits of the said Port include all Piers, Jetties, Landing Places, Wharves, and Quays, and so much of the shore as is within 50 yards of high-water mark spring tides.

PORT RULES.

With the sanction of the Governor General of India in Council the following Port Rules have been made and are hereby promulgated for general information and guidance:—

Rule 1.—Vessels may enter or go out of the Port of Akyab at any hour of the day or night, but the Masters of all vessels are to enter correctly in the columns of the Report Book of the Conservator or such other Officer as the Local Government shall appoint, as soon as presented, the information therein required.

Rule 2.—All vessels within the Port of Akyab shall be bound to take up such berth as may be appointed for them by the Conservator of the Port or such other Officer as the Local Government shall appoint and shall not change their berths or remove, except by, or with the permission of, such authority.

Rule 3.—All vessels within the Port of Akyab shall, on the requisition of the Conservator of the Port or such other Officer as the Local Government shall appoint, rig in their jib and driver booms, shall strike their yards and masts if required so to do by either of those Officers.

Rule 4.—Every ship or vessel within the Port of Akyab shall remove any anchor or spar or other substance projecting from her side when required to do so by the Conservator of the Port or such other Officer as the Local Government shall appoint.

Rule 5.—A free channel of 240 yards width is to be kept for ships moving up or down the river within the Port, and also free passages to Piers,

Jetties, Landing Places, Wharves, Quays, Docks, and Moorings; and all vessels shall be bound to move when required to clear such channels or passages.

Rule 6.—All vessels within the Port of Akyab shall anchor, moor, and unmoor when and where required by the Conservator of the Port or such other Officer as the Local Government shall appoint.

Rule 7.—All vessels within the Port of Akyab shall be moved or warped from place to place as required by the Conservator of the Port or such other Officer as the Local Government shall appoint; and no vessel shall cast off a warp that has been made fast to her to assist a vessel in moving without being required so to do by the Pilot or Officer in charge of the vessel moving.

Rule 8.—No vessel shall use any of the Government Chain Moorings, whether fixed or swinging, without permission of the Conservator of the Port or such other Officer as the Local Government shall appoint.

Rule 9.—All vessels occupying Government Moorings, fixed or swinging, shall be liable to pay for the same according to the following Scale and no more :—

Civil Architect.

Notice.

WITH reference to the 4th Clause of the Rules for the Receipt of Bullion, sanctioned by Government on the 27th June 1856, the under-mentioned By-Laws have been sanctioned by the Mint Committee.

J. H. BELL,
Offg. Mint Master.

CALCUTTA MINT, }
The 25th October 1856. }

BY-LAWS ON THE MINT BULLION DEPOT,
SANCTIONED BY THE MINT COMMITTEE
ON THE 25TH AUGUST 1856.

EXTERNAL.

1. All Tenders of Bullion are to specify the number of boxes of Silver or Gold, and to be numbered, in the order of delivery into the Bullion Depôt, when all the boxes specified in a Tender are brought in.

2. When a portion only is brought in, the Tender is to be numbered after the delivery of the number of boxes specified is completed.

3. The Bullion tendered is to be delivered by the authorized Agent, who will see to the locking up of the boxes in the Strong Room of the Depôt.

4. The Tenders are to be dealt with according to priority of numbers, if the authorized Agent be in attendance; if not, the next in succession, having an Agent in attendance, is to be taken in hand. The order of succession only applies to Silver taken out for one species of treatment, either Melting or Cutting and Burning.

5. In Melting, separate Tenders are to be melted in different furnaces and kept distinct.

6. In Cutting and Burning, only one party's Bullion is to be taken into the room at a time, and is to be accounted for before another's is sent in.

7. Importers sending in two or more Invoices of Silver with only one Tender are, however, to understand, that their Agents alone will be responsible for keeping the Silver belonging to each Invoice separate; but if the Silver of each Invoice be separately tendered, every care is to be taken to keep them separate.

8. Bullion, after having been taken out of the boxes, is to be weighed into and out of the Melting Room, or the Cutting and Burning Room, as the case may be.

9. Importers are distinctly to understand, that their Agents are to satisfy themselves as to the accuracy of the weighments of their Bullion in the Bullion Depôt, both before and after Melting and Cutting. The Bullion Clerk merely takes down the weighments for the Mint Master's satisfaction. If the Importer's Agent should observe any thing, either in the beam or the method of weighing, that he disapproves of, he should make it known at once, and every facility will be rendered him to make the necessary corrections; so that Importers must look only to their Agents for explanation, in case of any discrepancy that may occur between the Invoice and the Mint weighments.

10. *Registry of Bullion.*—Importers' Bullion, after having been melted or cut, and when ready for registry, will be passed through the two Iron Gates between the Assay Office and Pre-melting Room, and through the Warder's Lodge into the Bullion Office; and after the Bullion has been registered, the Importers' Agents, Durwans, &c., are to go out through the Mint Gate only.

11. *Passes.*—All Passes for Silver and Gold, required to be sent out of the Bullion Depôt, whether spillage from Melting Room, or chips, &c., from Cutting Room, or Bullion rejected by the Mint previous to registry, or withdrawn by Importers are to be made out by the Bullion Clerk and sent to the Mint Master for his signature, and then delivered to the Importers' Agents for the endorsement of the Importers; after which the Bullion will be passed out through the Gate leading to the Bullion Depôt, so that there will be no occasion for such Bullion to go into the Mint proper at all.

12. Importers are not required, in addition to the one per mille charged by the Mint, to pay any other charges, such as for Gunny Bags, or Cooly hire, after the Silver has been once taken into the Strong Room. Spillage, broken pots, &c., are of course to be taken away at the expense of the Importers.

13. Coolies for removing and opening boxes, and removing Bullion from place to place, will be engaged by the Mint, and arrangements are to be made for having three Coolies in attendance upon every lac of Bullion that may be operated on.

14. Importers may have a guard at the Strong Room door during working hours if they choose, as their Treasure is in deposit at their risk.

15. Bullion or Coin once rejected by the Mint as brittle shall not again be received for the purpose of being melted or cut for Coinage, without the special authority of the Mint Master.

J. H. BELL,
Offg. Mint Master.

Madras Exhibition of 1857.**NOTIFICATION.**

THE Right Honorable the President and Members of the Committee for the Madras Exhibition of 1857 have the honor to announce, that Articles from all Countries will be admitted to the Madras Exhibition, to be held in the beginning of 1857, and be allowed to compete for Prizes; but, with a view to promote the good of this Country, it is hereby notified that Money Prizes, Medals, &c. will only be given for Articles capable of being applied in the Arts and Manufactures of India, or calculated to be of use to its people.

It will be necessary that each Local Committee attend to the following points:—Each Article sent for Exhibition must be (1) distinctly labelled, and the label must (2) set forth the district or locality from which the Article is sent; (3) the name of the Exhibitor; and (4) the price of the Article. Each Local Committee will also state in their Invoice List, how each article they send is to be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

The several Local Committees will consider themselves at liberty to add to their numbers such influential Natives of their District as they may consider likely to aid them in promoting the objects in view.

It would greatly facilitate the accurate performance of the duties of the General Committee if the Local Committees and the Exhibitors when addressing communications on the subject of the Exhibition would adhere to the official form of communication; or, in case of the non-official or private form being adopted, if they would so mark the letter, or such portions of it, in case of the letter being of a mixed nature, as may be intended to be private or non-official.

EDWARD BALFOUR,

Secretary, Madras Exhibition.

*Banqueting Hall, }

Officiating Mint Master.

Notification.

PERSONS desirous of working the valuable Diamond Mines of the Maha Nuddee are hereby informed, that after the 1st of January 1857, the privilege will be leased to any one who shall be considered to have made the most eligible offer for the same.

2nd. Besides Precious Stones, Gold is to be met with in considerable quantities, and the party who may rent the privilege of working the Diamond Mines will be entitled to appropriate all Diamonds, Precious Stones and Gold that he may find in the bed of that river within the limits of the Sumbulpore Division during the period of his lease.

3rd. Unless a proportional inducement be offered, a lease will not be granted for a period of more than three years, but applicants are requested to state at what rate per annum they are agreeable to rent the Mines, and how many years' lease they are desirous of obtaining, with particulars of all modifications they may wish made in the conditions now set forth.

4th. Parties proposing to rent the Mines must be prepared to lodge in the Treasury at Sumbulpore one year's rent in advance as security for the fulfilment of the terms of the lease taken up by them, and the rent will be demanded in three instalments yearly. If at any time during the lease, the period of one year, calculated from the date of payment of the last instalment, be allowed to elapse without the payment of an instalment, the security money shall be forfeited and the lease considered to have expired.

5th. Further particulars may be learnt on applying to the Officiating Senior Assistant Commissioner at Sumbulpore.

MEMO.

THE following revised Directions for approaching the Sandheads are published for general information.

By order of the Offg. Supdt. of Marine,

H. HOWE,

*FORT WILLIAM, }
The 15th September 1856. }* *Secretary.*

DIRECTIONS

FOR

APPROACHING THE SANDHEADS IN BOTH MONSOONS.**THE SOUTH-WEST MONSOON.**

THE South-West Monsoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2nd. False Point Light House is in latitude $20^{\circ} 19\frac{1}{2}'$ North and longitude $86^{\circ} 47'$ East, and a Buoy is placed in $21\frac{1}{2}$ fathoms on the Pilot's Ridge, in latitude $20^{\circ} 49\frac{1}{2}'$ North and longitude $87^{\circ} 42'$ East, the Buoy therefore bears from False Point Light House North $59^{\circ} 49'$ East, true, and distant $59\frac{1}{2}$ miles.

3rd. A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the soundings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance

run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruising ground is immediately to the North-East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoy on the Ridge.

4th. The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5th. Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to heave to, at a proper distance, till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6th. The Eastern Channel Light Vessel is in latitude $21^{\circ} 04'$ North and longitude $88^{\circ} 14'$ East, and therefore bears from the Buoy on the Pilot's Ridge, North $63^{\circ} 26'$ East, true; and distant $32\frac{1}{2}$ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M.; and her standing light is a plain light.

7th. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8th. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9th. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruise in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.

SATURDAY, NOVEMBER 1, 1856.

PROCLAMATION.

FORT WILLIAM, FOREIGN DEPARTMENT,

THE 1ST NOVEMBER 1856.

THE Right Hon'ble the Governor General of India in Council having, under instructions from Her Majesty's Government, directed the assemblage of a British Force at Bombay for service in the Persian Gulf, deems it proper to make known the reasons which have rendered this measure necessary.

In the month of January 1853 certain Articles of Agreement were concluded between Lieutenant-Colonel Sheil, Her Majesty's Envoy Extraordinary and Minister Plenipotentiary at the Court of the Shah of Persia, and His Highness the Sudr Azim, or Prime Minister of the Persian Government.

By those Articles the Persian Government engaged not to send Troops to Herat on any account, unless Foreign Troops, that is, Troops from the direction of Cabul or Kandahar, or other Foreign Country should invade Herat. In the event of Troops being sent, the Persian Government engaged that the said Troops should not enter the City of Herat, and that, on the return of the Foreign Troops towards their own Territory, the Persian Troops should be immediately withdrawn from the neighbourhood of Herat to Persian soil.

The Persian Government also engaged to abstain from all interference whatsoever in the internal affairs of Herat, whether "in taking possession, or occupying, or assuming the Sove-

reignty, or governing, except in so far as interference existed between the two parties during the life-time of the late Yar Mahomed."

And, lastly, the Persian Government engaged to relinquish all pretension to, and demand for, the coinage, or the reading of the Khootbeh, or any other acknowledgment of allegiance or subjection, on the part of the people of Herat, to the Government of Persia.

It was, at the same time, stipulated that, so long as there should be no interference of any sort whatever on the part of the British Government in the affairs of Herat, the engagements contracted by the Persian Government, as aforesaid, should remain in full force and effect. On the other hand, it was agreed, in the name of the British Government, that "if any Foreign Power, such as the Afghans or others," should wish to interfere with, or to take possession of Herat, the British Government, on the requisition of the Persian Ministers, would not object to restrain such Foreign Power by friendly advice, "so that Herat might remain in its own state of independence."

While the British Government has faithfully and constantly adhered to the obligations which it accepted under the Agreement of January 1853, the Government of Persia has manifested a deli-

herate and persevering disregard of the reciprocal engagements, by which, at the same time, it became bound, and is now endeavouring to subvert by force the independence of Herat, which was the declared object of the Agreement in question.

So far back as December 1855 the Persian Government, by an Article in the *Tehran Official Gazette*, announced its intention of despatching a Force to Herat, alleging that the Ameer Dost Mahomed Khan, the Ruler of Afghanistan, had been instigated by his "neighbors" to possess himself of Kandahar; that, having with their assistance, succeeded in that enterprize, he meditated an advance upon Herat; and that an armed demonstration in the direction of Herat was required for the preservation of tranquillity in Khorasan.

This assertion, that the Ruler of Afghanistan was instigated by his "neighbors" to occupy Kandahar, or that he was assisted by them in possessing himself of that City, or that he received advice or encouragement from them to advance upon Herat, was, if by those "neighbors" the British Government is indicated, wholly untrue. No such instigation or assistance, or encouragement, direct or indirect, had been given by the British Government; nor, so far as the British Government is informed, had there been, when the assertion was made, any act, on the part of the Ameer Dost Mahomed Khan, evincing a design to advance upon Herat.

Nevertheless, the Persian Government has executed its intention. Not only have Persian Troops invaded the Territory of Herat, although the contingency which alone could justify such an act has not come to pass; but they have laid siege to the City, and have interfered in its internal affairs, while the Government of Tehran has not only assumed the right to nominate the Ruler of Herat; but, in addressing the present Chief of the City, has declared Herat to be Persian soil.

The siege of Herat has now been carried on by the Persian Army for many months. Before its commencement, and during its progress, the unfriendly sentiments of Persia towards the British Government have been scarcely veiled; and, recently, the movements of Troops, in different parts of Persia, have indicated a determination to persist in an aggression, which is as unprovoked as it is contrary to good faith.

The conduct of the Persian Government has been pronounced by Her Majesty's Government to constitute an act of open hostility against Great Britain. Reparation has been sought, but without success. The withdrawal of the Persian Troops from the neighbourhood of Herat to Persian soil has been demanded, as a preliminary to the adjustment of differences to which the acts of Persia alone have given rise; but the demand has been evaded; and, according to the most recent accounts, a Persian Army still invests Herat.

Friendly remonstrance having failed, and a reasonable requisition having been rejected, or put aside, it becomes incumbent on the British Government to take measures, by which the Persian Government shall be convinced that solemn engagements contracted with Great Britain may not be violated with impunity; and by which effectual guarantees against continuous breach of faith shall be secured.

To this end, a Force has been directed to assemble at Bombay, and will embark as soon as the necessary arrangements shall have been completed. The further operations of the Force, after it shall have reached the Persian Gulf, will be guided by such instructions as the progress of events, and the policy of the British Government, may demand.

By order of the Right Hon'ble the Governor General of India in Council,

G. F. EDMONSTONE,

Secy. to the Govt. of India.

PROCLAMATION.

FORT WILLIAM, FOREIGN DEPARTMENT,

THE 1ST NOVEMBER 1856.

THE Right Honorable the Governor General of India in Council having, under instructions from Her Majesty's Government, directed that hostile operations against Persia shall forthwith be undertaken, is pleased to order, and it is hereby ordered, that Persian Merchant Vessels, which, at the time of the publication of this Order, shall be in any Ports or places in Her Majesty's Indian Territories under the Government of the East India Company, shall be allowed thirty days from the date of the publication of this Order, for loading their cargoes and departing from such Ports or places; and that such Persian Merchant Vessels, if met at Sea by any of the Ships of the Indian Navy, shall be permitted to continue their voyage, if, on examination of their papers, it shall appear that their cargoes were taken on board before the expiration of the above term. Provided that nothing herein contained shall extend, or be taken to extend, to Persian Vessels having on board any Officer in the Military Service of the Persian Government, or any article prohibited or contraband of War, or any Despatch of or to the Persian Government.

And it is hereby further ordered by the Right Hon'ble the Governor General in Council,

that any Persian Merchant Vessel, which, prior to this First day of November 1856, shall have sailed from any foreign Port, bound for any Port or place in any of Her Majesty's Indian Territories, shall be permitted to enter such Port or place, and to discharge her cargo, and afterwards forthwith to depart without molestation; and that any such Vessel, if met at sea by any of the Ships of the Indian Navy, shall be permitted to pursue her voyage.

The Right Honorable the Governors in Council of Madras and Bombay, the Honorable the Lieutenant Governor of Bengal, the Governor of the Straits Settlements, the Commissioners of Pegu, and of the Tenasserim and Martaban Provinces, and all Officers and Authorities, whom it may concern, in Her Majesty's Indian Territories, under the Government of the East India Company, are required to give the necessary directions herein, as to them may respectively appertain.

By order of the Right Honorable the Governor General of India in Council,

G. F. EDMONSTONE,
Secy. to the Govt. of India.

PROCLAMATION.

FORT WILLIAM, FOREIGN DEPARTMENT,

THE 1ST NOVEMBER 1856.

THE Right Hon'ble the Governor General of India in Council, being desirous that the hostile operations, now about to be undertaken against Persia, should be attended with as little injury as possible to individual interests, is pleased to notify that all subjects of the Shah of Persia, residing within Her Majesty's Indian Territories under the Government of the East India Company, and not being Consuls or Consular Agents in the Service of the Persian Government, may continue to reside therein without molestation in respect of their persons, their property, or their lawful avoca-

tions; and that they will enjoy protection so long as they shall abstain from all acts hostile to the British Government, and shall observe due obedience to the Laws under which they live, and to all Resolutions or Orders of the Governor General of India in Council.

By order of the Right Hon'ble the Governor General of India in Council,

G. F. EDMONSTONE,
Secy. to the Govt. of India.

Lieutenant Charles Vaughan Arbuckle, Bengal Artillery, to have the rank of Lieutenant in the Army, while employed at the East India Company's Recruiting Depot at Warley, dated 19th September 1856.

No. 1369 of 1856.—Third Class Sub-Assistant Surgeon David Picachy, attached to the Government Charitable Dispensary at Purneah, having been pronounced qualified for advancement, is promoted to the Second Class, from the 15th July last, the date on which he appeared before the Committee for examination.

No. 1370 of 1856.—Subadar Ramdeen, of the 5th Regiment Oude Irregular Infantry, is permitted to resign the Service of the East India Company from the date of publication of this Order at the Head Quarters of the Corps.

No. 1371 of 1856.—Subadar Bachoo Sing, of the 6th Regiment Oude Irregular Infantry, is permitted to resign the Service of the East India Company from the date of publication of this Order at the Head Quarters of the Corps.

No. 1372 of 1856.—The Right Hon'ble the Governor General of India is pleased to direct, that the following paras. of a Military letter, from the Hon'ble the Court of Directors to the Government of India, No. 137, dated 27th August 1856, be published in General Orders :—

Letter dated 28th March 1856, Para. 14. The
 No. 119. Medical Board, in

Forward for favorable consideration a Memorial from Steward J. Hennessy, of the Subordinate Medical Establishment, soliciting that six Senior Stewards may be put on a par with Junior Apothecaries with respect to Pay and Pension, and may be styled "Senior Stewards." Government observe that the Medical Board strongly recommend the request.

"A boon of this description was granted in G. O. 2nd January 1846 to six of the Senior Apothecaries serving in this Presidency. Taking into consideration the fact, that the Stewards are a hard-working and responsible class of Medical subordinates, whose position in the Service affords no prospect of advancement in rank, we have the honor most respectfully to submit to your Lordship our opinion, that the boon now petitioned for is very moderate in its extent, and that its concession would tend to enhance the efficiency of this class of Government Servants."

* Letter dated 1st March 1856.

15. Looking to the comparative number† of Stewards and Apothecaries, we are of opinion that the special benefits thus recommended should be limited to such of the four Senior Stewards as have established claims by very great merits or distinguished exertions in the Public Service, as specified in the G. O. of 2nd January 1846. We accordingly authorize this measure.

No. 1373 of 1856.—The under mentioned Officer, recently posted, is, at his own request, transferred to the Corps specified opposite to his name :—

Ensign G. Lindsay, from the 9th to the 1st Regiment Native Infantry, at Cawnpore, as Fifth Ensign.

Notice.

WITH reference to the 4th Clause of the Rules for the Receipt of Bullion, sanctioned by Government on the 27th June 1856, the under-mentioned By-Laws have been sanctioned by the Mint Committee.

J. H. BELL,
Offg. Mint Master.

CALCUTTA MINT, }
The 25th October 1856. }

**BY-LAWS OF THE MINT BULLION DEPOT,
SANCTIONED BY THE MINT COMMITTEE
ON THE 25TH AUGUST 1856.**

EXTERNAL.

1. All Tenders of Bullion are to specify the number of boxes of Silver or Gold, and to be numbered, in the order of delivery into the Bullion Depôt, when all the boxes specified in a Tender are brought in.

2. When a portion only is brought in, the Tender is to be numbered after the delivery of the number of boxes specified is completed.

3. The Bullion tendered is to be delivered by the authorized Agent, who will see to the locking up of the boxes in the Strong Room of the Depôt.

4. The Tenders are to be dealt with according to priority of numbers, if the authorized Agent be in attendance; if not, the next in succession, having an Agent in attendance, is to be taken in hand. The order of succession only applies to Silver taken out for one species of treatment, either Melting or Cutting and Burning.

5. In Melting, separate Tenders are to be melted in different furnaces and kept distinct.

6. In Cutting and Burning, only one party's Bullion is to be taken into the room at a time, and is to be accounted for before another's is sent in.

7. Importers sending in two or more Invoices of Silver with only one Tender are, however, to understand, that their Agents alone will be responsible for keeping the Silver belonging to each Invoice separate; but if the Silver of each Invoice be separately tendered, every care is to be taken to keep them separate.

8. Bullion, after having been taken out of the boxes, is to be weighed into and out of the Melting Room, or the Cutting and Burning Room, as the case may be.

9. Importers are distinctly to understand, that their Agents are to satisfy themselves as to the accuracy of the weighments of their Bullion in the Bullion Depôt, both before and after Melting and Cutting. The Bullion Clerk merely takes down the weighments for the Mint Master's satisfaction. If the Importer's Agent should observe any thing, either in the beam or the method of weighing, that he disapproves of, he should make it known at once, and every facility will be rendered him to make the necessary corrections; so that Importers must look only to their Agents for explanation, in case of any discrepancy that may occur between the Invoice and the Mint weighments.

10. *Registry of Bullion.*—Importers' Bullion, after having been melted or cut, and when ready for registry, will be passed through the two Iron Gates between the Assay Office and Pre-melting Room, and through the Warder's Lodge into the Bullion Office; and after the Bullion has been registered, the Importers' Agents, Durwans, &c., are to go out through the Mint Gate only.

11. *Passes.*—All Passes for Silver and Gold required to be sent out of the Bullion Depôt, whether spillage from Melting Room, or chips, from Cutting Room, or Bullion rejected by Mint previous to registry, or withdrawn by porters are to be made out by the Bullion Clerk sent to the Mint Master for his signature, and delivered to the Importers' Agents for the endorsement of the Importers; after which the Bullion will be passed out through the Gate leading to Bullion Depôt, so that there will be no occasion for such Bullion to go into the Mint proper at all.

12. Importers are not required, in addition to the one per mille charged by the Mint, to pay other charges, such as for Gunny Bags, Cooly hire, after the Silver has been once taken into the Strong Room. Spillage, broken pots, are of course to be taken away at the expense of the Importers.

13. Coolies for removing and opening boxes and removing Bullion from place to place, will be engaged by the Mint, and arrangements are to be made for having three Coolies in attendance upon every lac of Bullion that may be operated upon.

14. Importers may have a guard at the Strong Room door during working hours if they choose, as their Treasure is in deposit at their risk.

15. Bullion or Coin once rejected by the Mint as brittle shall not again be received for the purpose of being melted or cut for Coinage, without the special authority of the Mint Master.

J. H. BELL,
Offg. Mint Master.

Madras Exhibition of 1857.**NOTIFICATION.**

THE Right Honorable the President and Members of the Committee for the Madras Exhibition of 1857 have the honor to announce, that Articles from all Countries will be admitted to the Madras Exhibition, to be held in the beginning of 1858, and be allowed to compete for Prizes; but, in view to promote the good of this Country, hereby notified that Money Prizes, Medals, &c., only be given for Articles capable of being applied in the Arts and Manufactures of India, or calculated to be of use to its people.

It will be necessary that each Local Committee attend to the following points:—Each Article for Exhibition must be (1) distinctly labelled, the label must (2) set forth the district or place from which the Article is sent; (3) the name of the Exhibitor; and (4) the price of the Article. Each Local Committee will also state in their Invoice List, how each article they send will be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

The several Local Committees will consider themselves at liberty to add to their number influential Natives of their District as they consider likely to aid them in promoting the objects in view.

It would greatly facilitate the accurate performance of the duties of the General Committee, if the Local Committees and the Exhibitors addressing communications on the subject of the Exhibition would adhere to the official form of communication; or, in case of the non-official form being adopted, if they would so

the letter, or such portions of it, in case of the letter being of a mixed nature, as may be intended to be private or non-official.

EDWARD BALFOUR,
Secretary, Madras Exhibition.

With reference to the foregoing Notification, which the undersigned has been requested to publish in the *Calcutta Gazette*, he begs to state that he has been also requested to receive from the Bengal Presidency all Packages containing Contributions for the Madras Exhibition of 1857.

J. H. BELL,
Officiating Mint Master.

Notification.

PERSONS desirous of working the valuable Diamond Mines of the Maha Nuddee are hereby informed, that after the 1st of January 1857, the privilege will be leased to any one who shall be considered to have made the most eligible offer for the same.

2nd. Besides Precious Stones, Gold is to be met with in considerable quantities, and the party who may rent the privilege of working the Diamond Mines will be entitled to appropriate all Diamonds, Precious Stones and Gold that he may find in the bed of that river within the limits of the Sumbulpore Division during the period of his lease.

3rd. Unless a proportional inducement be offered, a lease will not be granted for a period of more than three years, but applicants are requested to state at what rate per annum they are agreeable to rent the Mines, and how many years lease they are desirous of obtaining, with particulars of all modifications they may wish made in the conditions now set forth.

4th. Parties proposing to rent the Mines must be prepared to lodge in the Treasury at Sumbulpore one year's rent in advance as security for the fulfilment of the terms of the lease taken up by them, and the rent will be demanded in three instalments yearly. If at any time during the lease, the period of one year, calculated from the date of payment of the last instalment, be allowed to elapse without the payment of an instalment, the security money shall be forfeited and the lease considered to have expired.

5th. Further particulars may be learnt on applying to the Officiating Senior Assistant Commissioner at Sumbulpore.

The following revised Directions for approaching
the Sandheads are published for general infor-
mation.

By order of the Offg. Supdt. of Marine,

H. HOWE,

Secretary.

FORT WILLIAM,
The 15th September 1856.

DIRECTIONS

FOR

APPROACHING THE SANDHEADS IN BOTH
MONSOONS.

THE SOUTH-WEST MONSOON.

The South-West Monsoon may be considered to
commence on the 15th March, on which date the
Pilot Vessels take up their station near the Buoy
on the Pilot's Ridge as described below. The
South-West Monsoon is over by the end of
September.

2nd. False Point Light House is in latitude
20° 19½' North and longitude 86° 47' East, and
a Buoy is placed in 21½ fathoms on the Pilot's
Ridge, in latitude 20° 49½' North and longitude
87° 42' East, the Buoy therefore bears from False
Point Light House North 59° 49' East, true, and
distant 59½ miles.

3rd. A Vessel, therefore, after making the
Light House at False Point (in passing which she
ought not to go into less than 10 fathoms), should
bring it to bear about West-South-West 10 or 15
miles distant, when she will be in 11 or 12 fathoms;
then steer East-North-Eastward when the sound-
ings will gradually increase to 23 fathoms on the
Eastern edge of the Pilot's Ridge; she should then
regulate her course so as to keep between the Ridge
and 27 fathoms, when, by attention to the lead
and nature of the soundings, course and distance
run from the Light House, it is almost impossible
to avoid making the Pilot Vessels, as their
cruizing ground is immediately to the North-East
of the Light Vessel stationed during the South-
West Monsoon in close proximity to the Buoy on
the Ridge.

4th. The soundings to seaward of the Pilot's
Ridge are, in general, a greenish or olive-colored
mud, with occasionally a few bits of broken shells
mixed with it; whilst those on the Ridge are of
a shelly sand, or minute gravel, of a reddish or
rusty brown color.

5th. Vessels approaching the Station are ear-
nestly warned to be careful in avoiding collision
when communicating with either the Light, or
supplying Pilot Vessels; and, on making the
former at night, they are strongly recommended to
heave to, at a proper distance, till day-light, by
which measure they will avoid the probability of
passing the supplying Pilot Vessels in the darkness
of the night.

6th. The Eastern Channel Light Vessel is in
latitude 21° 04' North and longitude 88½° 14' East,
and therefore bears from the Buoy on the Pilot's
Ridge, North 63° 26' East, true; and distant 32½
miles. The Eastern Channel Light Vessel, from
the 15th March to the 15th September, burns a
blue light every half hour and a maroon every
quarter hour during the night, commencing at
7 P. M.; and her standing light is a plain light.

7th. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8th. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.*

9th. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruise in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.

SAILING DIRECTIONS FOR ENTERING THE HARBOUR OF DALHOUSIE.

Latitude..... 16° 7' 00" N.
Longitude..... 94° 27' 00" E.

1st.—Vessels, of 14 feet draft and upwards should, on no account, attempt the passage to the Westward of Negrais Island.

2nd.—Vessels coming from the Southward should bring Diamond Island to bear North-West then steer for it until the Fairway Buoy is visible, which is situated 1½ mile North-East of the Island. Steer North North-East from this Buoy until Black Buoy bears East, then North-East by North.

3rd.—Vessels entering from the Westward, in Latitude North of Diamond Island, should bring it to bear South-East, steer in for it until the Fairway Buoy is made, then proceed as above directed for vessels entering from the Southward. This passage, however, should be attempted by sailing vessels only in the North-East Monsoon.

4th.—Vessels unable from stress of weather to distinguish the different marks, should anchor under Diamond Island where good anchorage and smooth water is to be found.

Lieutenant Ward's Chart of the Bassein River is an excellent guide, and vessels provided with them scarcely need Pilots.

The following Buoys are now laid for the guidance of Commanders and Masters:—

A first class Red Buoy marks the extreme South end of the Orestes Shoal.

A first class Red Buoy marks the Eastern limit of the Orestes Shoal.

A first class Black Buoy marks the extreme edge of the Shoal extending from Porian shore.

A first class Red Buoy, marked Fairway, in white letters, is placed 1½ mile North-East of Diamond Island.

N. B.—The Shoal extending South of Negrais Island is now called the Orestes Shoal, and that extending from the Porian shore Westward the Porian.

Notification.

PERSONS desirous of working the valuable Diamond Mines of the Maha Nuddee are hereby informed, that after the 1st of January 1857, the privilege will be leased to any one who shall be considered to have made the most eligible offer for the same.

2nd. Besides Precious Stones, Gold is to be met with in considerable quantities, and the party who may rent the privilege of working the Diamond Mines will be entitled to appropriate all Diamonds, Precious Stones and Gold that he may find in the bed of that river within the limits of the Sumbulpore Division during the period of his lease.

3rd. Unless a proportional inducement be offered, a lease will not be granted for a period of more than three years, but applicants are requested to state at what rate per annum they are agreeable to rent the Mines, and how many years' lease they are desirous of obtaining, with particulars of all modifications they may wish made in the conditions now set forth.

4th. Parties proposing to rent the Mines must be prepared to lodge in the Treasury at Sumbulpore one year's rent in advance as security for the fulfilment of the terms of the lease taken up by them, and the rent will be demanded in three instalments yearly. If at any time during the lease, the period of one year, calculated from the date of payment of the last instalment, be allowed to elapse without the payment of an instalment, the security money shall be forfeited and the lease considered to have expired.

5th. Further particulars may be learnt on applying to the Officiating Senior Assistant Commissioner at Sumbulpore.

Madras Exhibition of 1857.**NOTIFICATION.**

THE Right Honorable the President and Members of the Committee for the Madras Exhibition of 1857 have the honor to announce, that Articles from all Countries will be admitted to the Madras Exhibition, to be held in the beginning of 1857, and be allowed to compete for Prizes; but, with a view to promote the good of this Country, it is hereby notified that Money Prizes, Medals, &c. will only be given for Articles capable of being applied in the Arts and Manufactures of India, or calculated to be of use to its people.

It will be necessary that each Local Committee attend to the following points:—Each Article sent for Exhibition must be (1) distinctly labelled, and the label must (2) set forth the district or locality from which the Article is sent; (3) the name of the Exhibitor; and (4) the price of the Article. Each Local Committee will also state in their Invoice List, how each article they send is to be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

The several Local Committees will consider themselves at liberty to add to their numbers such influential Natives of their District as they may consider likely to aid them in promoting the objects in view.

It would greatly facilitate the accurate performance of the duties of the General Committee if the Local Committees and the Exhibitors when addressing communications on the subject of the Exhibition would adhere to the official form of communication; or, in case of the non-official or private form being adopted, if they would so mark the letter, or such portions of it, in case of the letter being of a mixed nature, as may be intended to be private or non-official.

EDWARD BALFOUR,

Secretary, Madras Exhibition.

Banqueting Hall,
7th February 1856.

With reference to the foregoing Notification, which the undersigned has been requested to publish in the *Calcutta Gazette*, he begs to state that he has been also requested to receive from the Bengal Presidency all Packages containing Contributions for the Madras Exhibition of 1857.

J. H. BELL,

Officiating Mint Master.

Notice.

WITH reference to the 4th Clause of the Rules for the Receipt of Bullion, sanctioned by Government on the 27th June 1856, the under-mentioned By-Laws have been sanctioned by the Mint Committee.

J. H. BELL,
Offg. Mint Master.

CALCUTTA MINT,
The 25th October 1856. }

BY-LAWS OF THE MINT BULLION DEPOT, SANCTIONED BY THE MINT COMMITTEE ON THE 25TH AUGUST 1856.

EXTERNAL.

1. All Tenders of Bullion are to specify the number of boxes of Silver or Gold, and to be numbered, in the order of delivery into the Bullion Depôt, when all the boxes specified in a Tender are brought in.
2. When a portion only is brought in, the Tender is to be numbered after the delivery of the number of boxes specified is completed.
3. The Bullion tendered is to be delivered by the authorized Agent, who will see to the locking up of the boxes in the Strong Room of the Depôt.
4. The Tenders are to be dealt with according to priority of numbers, if the authorized Agent be in attendance; if not, the next in succession, having an Agent in attendance, is to be taken in hand. The order of succession only applies to Silver taken out for one species of treatment, either in Melting or Cutting and Burning.
5. In Melting, separate Tenders are to be melted in different furnaces and kept distinct.
6. In Cutting and Burning, only one party's Bullion is to be taken into the room at a time, and is to be accounted for before another's is sent in.
7. Importers sending in two or more Invoices of Silver with only one Tender are, however, to understand, that their Agents alone will be responsible for keeping the Silver belonging to each Invoice separate; but if the Silver of each Invoice be separately tendered, every care is to be taken to keep them separate.
8. Bullion, after having been taken out of the boxes, is to be weighed into and out of the Melting Room, or the Cutting and Burning Room, as the case may be.
9. Importers are distinctly to understand, that their Agents are to satisfy themselves as to the accuracy of the weighments of their Bullion in the Bullion Depôt, both before and after Melting and Cutting. The Bullion Clerk merely takes down the weighments for the Mint Master's satisfaction. If the Importer's Agent should observe any thing, either in the beam or the method of weighing, that he disapproves of, he should make it known at once, and every facility will be rendered him to make the necessary corrections; so that Importers must look only to their Agents for explanation, in case of any discrepancy that may occur between the Invoice and the Mint weighments.
10. *Registry of Bullion.*—Importers' Bullion, after having been melted or cut, and when ready for registry, will be passed through the two Iron Gates between the Assay Office and Pre-melting Room, and through the Warder's Lodge into the Bullion Office; and after the Bullion has been

registered, the Importers' Agents, Durwans, &c. are to go out through the Mint Gate only.

11. *Passes.*—All Passes for Silver and Gold, required to be sent out of the Bullion Depôt, whether spillage from Melting Room, or chips, &c., from Cutting Room, or Bullion rejected by the Mint previous to registry, or withdrawn by Importers are to be made out by the Bullion Clerk and sent to the Mint Master for his signature, and then delivered to the Importers' Agents for the endorsement of the Importers; after which the Bullion will be passed out through the Gate leading to the Bullion Depôt, so that there will be no occasion for such Bullion to go into the Mint proper at all.

12. Importers are not required, in addition to the one per mille charged by the Mint, to pay any other charges, such as for Gunny Bags, or Cooly hire, after the Silver has been once taken into the Strong Room. Spillage, broken pots, &c., are of course to be taken away at the expense of the Importers.

13. Coolies for removing and opening boxes, and removing Bullion from place to place, will be engaged by the Mint, and arrangements are to be made for having three Coolies in attendance upon every lac of Bullion that may be operated on.

14. Importers may have a guard at the Strong Room door during working hours if they choose, as their Treasure is in deposit at their risk.

15. Bullion or Coin once rejected by the Mint as brittle shall not again be received for the purpose of being melted or cut for Coinage, without the special authority of the Mint Master.

J. H. BELL,
Offg. Mint Master.

Importers are distinctly to understand, that their Agents are to satisfy themselves as to the accuracy of the weighments of their Bullion in the Bullion Depôt, both before and after Melting and Cutting. The Bullion Clerk merely takes down the weighments for the Mint Master's satisfaction. If the Importer's Agent should observe any thing, either in the beam or the method of weighing, that he disapproves of, he should make it known at once, and every facility will be rendered him to make the necessary corrections; so that Importers must look only to their Agents for explanation, in case of any discrepancy that may occur between the Invoice and the Mint weighments.
10. *Registry of Bullion.*—Importers' Bullion, after having been melted or cut, and when ready for registry, will be passed through the two Iron Gates between the Assay Office and Pre-melting Room, and through the Warder's Lodge into the Bullion Office; and after the Bullion has been

registered, the Importers' Agents, Durwans, &c. are to go out through the Mint Gate only.

11. *Passes.*—All Passes for Silver and Gold, required to be sent out of the Bullion Depôt, whether spillage from Melting Room, or chips, &c., from Cutting Room, or Bullion rejected by the Mint previous to registry, or withdrawn by Importers are to be made out by the Bullion Clerk and sent to the Mint Master for his signature, and then delivered to the Importers' Agents for the endorsement of the Importers; after which the Bullion will be passed out through the Gate leading to the Bullion Depôt, so that there will be no occasion for such Bullion to go into the Mint proper at all.

12. Importers are not required, in addition to the one per mille charged by the Mint, to pay any other charges, such as for Gunny Bags, or Cooly hire, after the Silver has been once taken into the Strong Room. Spillage, broken pots, &c., are of course to be taken away at the expense of the Importers.

13. Coolies for removing and opening boxes, and removing Bullion from place to place, will be engaged by the Mint, and arrangements are to be made for having three Coolies in attendance upon every lac of Bullion that may be operated on.

14. Importers may have a guard at the Strong Room door during working hours if they choose, as their Treasure is in deposit at their risk.

15. Bullion or Coin once rejected by the Mint as brittle shall not again be received for the purpose of being melted or cut for Coinage, without the special authority of the Mint Master.

DIRECTIONS

FOR

APPROACHING THE SANDHEADS IN BOTH MONSOONS.

THE SOUTH-WEST MONSOON.

THE South-West Monsoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2nd. False Point Light House is in latitude $20^{\circ} 19\frac{1}{2}'$ North and longitude $86^{\circ} 47'$ East, and a Buoy is placed in $21\frac{1}{2}$ fathoms on the Pilot's Ridge, in latitude $20^{\circ} 49\frac{1}{2}'$ North and longitude $87^{\circ} 42'$ East, the Buoy therefore bears from False Point Light House North $59^{\circ} 49'$ East, true, and distant $59\frac{1}{2}$ miles.

3rd. A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the soundings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance to avoid making the Pilot Vessels, as their cruising ground is immediately to the North-East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoy on the Ridge.

4th. The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5th. Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to heave to, at a proper distance, till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6th. The Eastern Channel Light Vessel is in latitude $21^{\circ} 04'$ North and longitude $88\frac{1}{2}^{\circ} 14'$ East, and therefore bears from the Buoy on the Pilot's Ridge, North $63^{\circ} 26'$ East, true; and distant $32\frac{1}{2}$ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M.; and her standing light is a plain light.

7th. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8th. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9th. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruise in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.

Legislative Council.

The 8th November 1856.

THE following Bill was read a second time in the Legislative Council on the 8th November 1856, and was referred to a Select Committee who are to report thereon after the 12th of February next:—

A Bill for regulating Ferries in the Settlement of Prince of Wales' Island, Singapore, and Malacca.

WHEREAS it is expedient to regulate the Public Ferries within the Settlement of Prince of Wales' Island, Singapore, and Malacca, it is enacted as follows:—

I. The Governor of the said Settlement may declare what Ferries within any part of the Settlement shall be deemed Public Ferries; and at any time hereafter may establish new Ferries where they are needed; and from time to time change the course of any Public Ferry, or discontinue any Public Ferry that is deemed unnecessary.

II. Tolls, according to such rates as shall from time to time be fixed by the Governor, shall be levied upon all passengers, carts, carriages, cattle, and other animals, and on all goods and merchandise carried over any Public Ferry.

III. At every Public Ferry a Toll-keeper shall be appointed, whose duty it shall be to take the lawful tolls.

IV. A Table of Tolls, written or printed in the English and Native languages, shall be hung up in some conspicuous place near every Ferry, so as to be easily read by all persons crossing at the Ferry.

V. Every Toll-keeper who shall neglect to hang up and keep in good order and repair such Table of Tolls, or who shall wilfully remove, alter, or deface the same or allow it to become illegible, shall be liable to a penalty not exceeding ten Rupees.

VI. Every Toll-keeper who shall ask or take any toll other than the lawful toll, or who shall without due cause delay any passenger, cart, carriage, animal, or goods, shall be liable to a penalty not exceeding fifty Rupees.

VII. Every person crossing at any such Public Ferry, who shall refuse to pay the toll, or who, with intent of avoiding payment thereof, shall fraudulently or forcibly pass by or through any toll-station, without paying the toll, or who shall obstruct any Toll-keeper or any of his assistants in any way in the execution of their duty under this Act; and also every person who shall maliciously damage any toll-bar, boat, or any other thing employed in or about any Public Ferry, or who shall maliciously remove, alter, destroy, or damage any Table of Tolls hung up as hereinbefore directed—shall be liable to a penalty not exceeding fifty Rupees over and above the value of the damage which he has done.

VIII. All public Ferry-boats shall be numbered and registered as the Governor of the Straits Settlement shall direct; and the names of all Tindals, or persons placed in charge thereof, and of all Toll-keepers, shall likewise be so registered.

IX. The Chief Civil Authority of each Station in which there shall be a Public Ferry, shall make rules, subject to confirmation by the Governor of the Straits Settlement, for regulating Ferry-boats, &c., to be made by Chief Civil Authority.

The 8th November 1856.

THE following Bill was read a second time in the Legislative Council on the 8th November 1856, and was referred to a Select Committee who are to report thereon after the 12th of February next:—

A Bill for regulating Ferries in the Settlement of Prince of Wales' Island, Singapore, and Malacca.

WHEREAS it is expedient to regulate the Public Ferries within the Settlement of Prince of Wales' Island, Singapore, and Malacca, it is enacted as follows:—

I. The Governor of the said Settlement may declare what Ferries within any part of the Settlement shall be deemed Public Ferries; and at any time hereafter may establish new Ferries where they are needed; and from time to time change the course of any Public Ferry, or discontinue any Public Ferry that is deemed unnecessary.

II. Tolls, according to such rates as shall from time to time be fixed by the Governor, shall be levied upon all passengers, carts, carriages, cattle, and other animals, and on all goods and merchandise carried over any Public Ferry.

III. At every Public Ferry a Toll-keeper shall be appointed, whose duty it shall be to take the lawful tolls.

IV. A Table of Tolls, written or printed in the English and Native languages, shall be hung up in some conspicuous place near every Ferry, so as to be easily read by all persons crossing at the Ferry.

V. Every Toll-keeper who shall neglect to hang up and keep in good order and repair such Table of Tolls, or who shall wilfully remove, alter, or deface the same or allow it to become illegible, shall be liable to a penalty not exceeding ten Rupees.

VI. Every Toll-keeper who shall ask or take any toll other than the lawful toll, or who shall without due cause delay any passenger, cart, carriage, animal, or goods, shall be liable to a penalty not exceeding fifty Rupees.

VII. Every person crossing at any such Public Ferry, who shall refuse to pay the toll, or who, with intent of avoiding payment thereof, shall fraudulently or forcibly pass by or through any toll-station, without paying the toll, or who shall obstruct any Toll-keeper or any of his assistants in any way in the execution of their duty under this Act; and also every person who shall maliciously damage any toll-bar, boat, or any other thing employed in or about any Public Ferry, or who shall maliciously remove, alter, destroy, or damage any Table of Tolls hung up as hereinbefore directed—shall be liable to a penalty not exceeding fifty Rupees over and above the value of the damage which he has done.

VIII. All public Ferry-boats shall be numbered and registered as the Registry of Boats. Governor of the Straits Settlement shall direct; and the names of all Tindals, or persons placed in charge thereof, and of all Toll-keepers, shall likewise be so registered.

IX. The Chief Civil Authority of each Station in which there shall be a Public Ferry, shall make rules, subject to confirmation by the Governor of the Straits Settlement, for regulating Ferry-boats, &c., to be made by Chief Civil Authority.

ment, fixing the number of passengers, carts, carriages, and animals, and the quantity of goods that may be carried in any Public Ferry-boat at one trip, and for the safe and convenient carriage of passengers and property, and for keeping the Ferry-boats in good order, and otherwise for the due discharge of their duty by all Tindals, Toll-keepers, and other persons employed at any Public Ferry: and any Tindal, Toll-keeper, or other person infringing or disobeying any such rule, shall be liable to make good any loss or damage caused thereby, which may be summarily ascertained by the Magistrate of Police within whose jurisdiction the offence was committed; and the amount thereof may be recovered as any penalty under this Act may be recovered

X. The Governor of the Straits Settlement may lease any Public Ferry by public auction, or private contract, from year to year, or any longer period not exceeding seven years.

Governor may lease Ferries.

XI. Every person who shall convey for hire any passenger, animal, cart, carriage, or goods across any arm of the sea, creek, or river, within the said Settlement, to any point or place on the opposite bank or coast within a distance of three miles on either side above or below any Public Ferry, without the special license of a Police Magistrate of the Station in which the Ferry is situated, shall be liable to a penalty not exceeding fifty Rupees.

Carrying for hire within 3 miles of a Ferry, without license of Police Magistrate, prohibited.

XII. All offences against this Act shall be summarily heard and determined by a Police Magistrate of the Station within the limits of which the same shall have been committed; and all penalties shall be recovered in the manner directed for the levy of fines and penalties in Section CV of Act XIII of 1856.

Adjudication of penalties.

XIII. All tolls payable on account of any Public Ferry, and all rent payable on any lease of a Public Ferry, shall be paid to the Municipal Commissioners of the Station in which the Ferry may be situated, and shall form part of the Municipal Fund of that Station. The said Commissioners shall appoint the Toll-keeper and such other establishment as they may deem sufficient for the purposes of this Act.

Tolls to form part of Municipal Fund.

Madras Exhibition of 1857.**NOTIFICATION.**

THE Right Honorable the President and Members of the Committee for the Madras Exhibition of 1857 have the honor to announce, that Articles from all Countries will be admitted to the Madras Exhibition, to be held in the beginning of 1857, and be allowed to compete for Prizes; but, with a view to promote the good of this Country, it is hereby notified that Money Prizes, Medals, &c. will only be given for Articles capable of being applied in the Arts and Manufactures of India, or calculated to be of use to its people.

It will be necessary that each Local Committee attend to the following points:—Each Article sent for Exhibition must be (1) distinctly labelled, and the label must (2) set forth the district or locality from which the Article is sent; (3) the name of the Exhibitor; and (4) the price of the Article. Each Local Committee will also state in their Invoice List, how each article they send is to be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

The several Local Committees will consider themselves at liberty to add to their numbers such influential Natives of their District as they may consider likely to aid them in promoting the objects in view.

It would greatly facilitate the accurate performance of the duties of the General Committee if the Local Committees and the Exhibitors when addressing communications on the subject of the Exhibition would adhere to the official form of communication; or, in case of the non-official or private form being adopted, if they would so mark the letter, or such portions of it, in case of the letter being of a mixed nature, as may be intended to be private or non-official.

EDWARD BALFOUR,
Secretary, Madras Exhibition.

Notification.

PERSONS desirous of working the valuable Diamond Mines of the Maha Nuddee are hereby informed, that after the 1st of January 1857, the privilege will be leased to any one who shall be considered to have made the most eligible offer for the same.

2nd. Besides Precious Stones, Gold is to be met with in considerable quantities, and the party who may rent the privilege of working the Diamond Mines will be entitled to appropriate all Diamonds, Precious Stones and Gold that he may find in the bed of that river within the limits of the Sumbulpore Division during the period of his lease.

3rd. Unless a proportional inducement be offered, a lease will not be granted for a period of more than three years, but applicants are requested to state at what rate per annum they are agreeable to rent the Mines, and how many years' lease they are desirous of obtaining, with particulars of all modifications they may wish made in the conditions now set forth.

4th. Parties proposing to rent the Mines must be prepared to lodge in the Treasury at Sumbulpore one year's rent in advance as security for the fulfilment of the terms of the lease taken up by them, and the rent will be demanded in three instalments yearly. If at any time during the lease,

the period of one year, calculated from the date of payment of the last instalment, be allowed to elapse without the payment of an instalment, the security money shall be forfeited and the lease considered to have expired.

5th. Further particulars may be learnt on applying to the Officiating Senior Assistant Commissioner at Sumbulpore.

MEMO.

THE following revised Directions for approaching the Sandheads are published for general information.

By order of the Offg. Supdt of Marine,

Secretary.

FORT WILLIAM, }
The 15th September 1856. }

DIRECTIONS

FOR

APPROACHING THE SANDHEADS IN BOTH MONSOONS.**THE SOUTH-WEST MONSOON.**

THE South-West Monsoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2nd. False Point Light House is in latitude $20^{\circ} 19\frac{1}{2}'$ North and longitude $86^{\circ} 47'$ East, and a Buoy is placed in $21\frac{1}{2}$ fathoms on the Pilot's Ridge, in latitude $20^{\circ} 49\frac{1}{2}'$ North and longitude $87^{\circ} 42'$ East, the Buoy therefore bears from False Point Light House North $59^{\circ} 49'$ East, true, and distant $59\frac{1}{2}$ miles.

3rd. A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the soundings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruising ground is immediately to the North-East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoy on the Ridge.

4th. The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5th. Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to heave to, at a proper distance, till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6th. The Eastern Channel Light Vessel is in latitude $21^{\circ} 04'$ North and longitude $88\frac{1}{2}^{\circ} 14'$ East, and therefore bears from the Buoy on the Pilot's Ridge, North $63^{\circ} 26'$ East, true; and distant $32\frac{1}{2}$ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M.; and her standing light is a plain light.

7th. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8th. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9th. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruise in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.

Marine Department.**SAILING DIRECTIONS FOR ENTERING THE HARBOUR OF DALHOUSIE.**

Latitude..... $16^{\circ} 7' 00''$ N.

Longitude..... $94^{\circ} 27' 00''$ E.

1st.—Vessels, of 14 feet draft and upwards, should, on no account, attempt the passage to the Westward of Negrais Island.

2nd.—Vessels coming from the Southward should bring Diamond Island to bear North-West then steer for it until the Fairway Buoy is visible, which is situated $1\frac{1}{4}$ mile North-East of the Island. Steer North North-East from this Buoy until Black Buoy bears East, then North-East by North.

3rd.—Vessels entering from the Westward, in Latitude North of Diamond Island, should bring it to bear South-East, steer in for it until the Fairway Buoy is made, then proceed as above directed for vessels entering from the Southward. This passage, however, should be attempted by sailing vessels only in the North-East Monsoon.

4th.—Vessels unable from stress of weather to distinguish the different marks, should anchor under Diamond Island where good anchorage and smooth water is to be found.

Lieutenant Ward's Chart of the Bassein River is an excellent guide, and vessels provided with them scarcely need Pilots.

The following Buoys are now laid for the guidance of Commanders and Masters:—

A first class Red Buoy marks the extreme South end of the Orestes Shoal.

A first class Red Buoy marks the Eastern limit of the Orestes Shoal.

A first class Black Buoy marks the extreme edge of the Shoal extending from Porian shore.

A first class Red Buoy, marked Fairway, in white letters, is placed 1½ mile North-East of Diamond Island.

N. B.—The Shoal extending South of Negrais Island is now called the Orestes Shoal, and that extending from the Porian shore Westward the Porian.

SATURDAY, NOVEMBER 15, 1856.

Legislative Council.

The 8th November 1856.

THE following Bill was read a second time in the Legislative Council on the 8th November 1856, and was referred to a Select Committee who are to report thereon after the 12th of February next:—

A Bill for regulating Ferries in the Settlement of Prince of Wales' Island, Singapore, and Malacca.

WHEREAS it is expedient to regulate the Public Ferries within the Settlement of Prince of Wales' Island, Singapore, and Malacca, it is enacted as follows:—

I. The Governor of the said Settlement may declare what Ferries within any part of the Settlement shall be deemed Public Ferries; and at any time hereafter may establish new Ferries where they are needed; and from time to time change the course of any Public Ferry, or discontinue any Public Ferry that is deemed unnecessary.

II. Tolls, according to such rates as shall from time to time be fixed by the Governor, shall be levied upon all passengers, carts, carriages, cattle, and other animals, and on all goods and merchandise carried over any Public Ferry.

III. At every Public Ferry a Toll-keeper shall be appointed, whose duty it shall be to take the lawful tolls.

IV. A Table of Tolls, written or printed in the English and Native languages, shall be hung up in some conspicuous place near every Ferry, so as to be easily read by all persons crossing at the Ferry.

V. Every Toll-keeper who shall neglect to hang up and keep in good order and repair such Table of Tolls, or who shall wilfully remove, alter, or deface the same or allow it to become illegible, shall be liable to a penalty not exceeding ten Rupees.

VI. Every Toll-keeper who shall ask or take any toll other than the lawful toll, or who shall without due cause delay any passenger, cart, carriage, animal, or goods, shall be liable to a penalty not exceeding fifty Rupees.

VII. Every person crossing at any such Public Ferry, who shall refuse to pay the toll, or who, with intent of avoiding payment thereof, shall fraudulently or forcibly pass by or through any toll-station, without paying the toll, or who shall obstruct any Toll-keeper or any of his assistants in any way in the execution of their duty under this Act; and also every person who shall maliciously damage any toll-bar, boat, or any other thing employed in or about any Public Ferry, or who shall maliciously remove, alter, destroy, or damage any Table of Tolls hung up as hereinbefore directed—shall be liable to a penalty not exceeding fifty Rupees over and above the value of the damage which he has done.

VIII. All public Ferry-boats shall be numbered and registered as the Governor of the Straits Settlement shall direct; and the names of all Tindals, or persons placed in charge thereof, and of all Toll-keepers, shall likewise be so registered.

IX. The Chief Civil Authority of each Station in which there shall be a Public Ferry, shall make rules, subject to confirmation by the Governor of the Straits Settlement, for regulating Ferry-boats, &c., to be made by Chief Civil Authority.

ment, fixing the number of passengers, carts, carriages, and animals, and the quantity of goods that may be carried in any Public Ferry-boat at one trip, and for the safe and convenient carriage of passengers and property, and for keeping the Ferry-boats in good order, and otherwise for the due discharge of their duty by all Tindals, Toll-keepers, and other persons employed at any Public Ferry: and any Tindal, Toll-keeper, or other person infringing or disobeying any such rule, shall be liable to make good any loss or damage caused thereby, which may be summarily ascertained by the Magistrate of Police within whose jurisdiction the offence was committed; and the amount thereof may be recovered as any penalty under this Act may be recovered.

X. The Governor of the Straits Settlement may lease any Public Ferry by public auction, or private contract, from year to year, or any longer period not exceeding seven years.

XI. Every person who shall convey for hire any passenger, animal, cart, carriage, or goods across any arm of the sea, creek, or river, within the said Settlement, to any point or place on the opposite bank or coast within a distance of three miles on either side above or below any Public Ferry, without the special license of a Police Magistrate of the Station in which the Ferry is situated, shall be liable to a penalty not exceeding fifty Rupees.

XII. All offences against this Act shall be summarily heard and determined by a Police Magistrate of the Station within the limits of which the same shall have been committed; and all penalties shall be recovered in the manner directed for the levy of fines and penalties in Section CV of Act XIII of 1856.

XIII. All tolls payable on account of any Public Ferry, and all rent payable on any lease of a Public Ferry, shall be paid to the Municipal Commissioners of the Station in which the Ferry may be situated, and shall form part of the Municipal Fund of that Station. The said Commissioners shall appoint the Toll-keeper and such other establishment as they may deem sufficient for the purposes of this Act.

Madras Exhibition of 1857.**NOTIFICATION.**

THE Right Honorable the President and Members of the Committee for the Madras Exhibition of 1857 have the honor to announce, that Articles from all Countries will be admitted to the Madras Exhibition, to be held in the beginning of 1857, and be allowed to compete for Prizes; but, with a view to promote the good of this Country, it is hereby notified that Money Prizes, Medals, &c. will only be given for Articles capable of being applied in the Arts and Manufactures of India, or calculated to be of use to its people.

It will be necessary that each Local Committee attend to the following points:—Each Article sent for Exhibition must be (1) distinctly labelled, and the label must (2) set forth the district or locality from which the Article is sent; (3) the name of the Exhibitor; and (4) the price of the Article. Each Local Committee will also state in their Invoice List, how each article they send is to be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

The several Local Committees will consider themselves at liberty to add to their numbers such influential Natives of their District as they may consider likely to aid them in promoting the objects in view.

It would greatly facilitate the accurate performance of the duties of the General Committee if the Local Committees and the Exhibitors when addressing communications on the subject of the Exhibition would adhere to the official form of communication; or, in case of the non-official or private form being adopted, if they would so mark the letter, or such portions of it, in case of the letter being of a mixed nature, as may be intended to be private or non-official.

Notification.

PERSONS desirous of working the valuable Diamond Mines of the Maha Nuddee are hereby informed, that after the 1st of January 1857, the privilege will be leased to any one who shall be considered to have made the most eligible offer for the same.

2nd. Besides Precious Stones, Gold is to be met with in considerable quantities, and the party who may rent the privilege of working the Diamond Mines will be entitled to appropriate all Diamonds, Precious Stones and Gold that he may find in the bed of that river within the limits of the Sumbulpore Division during the period of his lease.

3rd. Unless a proportional inducement be offered, a lease will not be granted for a period of more than three years, but applicants are requested to state at what rate per annum they are agreeable to rent the Mines, and how many years' lease they are desirous of obtaining, with particulars of all modifications they may wish made in the conditions now set forth.

4th. Parties proposing to rent the Mines must be prepared to lodge in the Treasury at Sumbulpore one year's rent in advance as security for the fulfilment of the terms of the lease taken up by them, and the rent will be demanded in three instalments yearly. If at any time during the lease, the period of one year, calculated from the date of payment of the last instalment, be allowed to elapse without the payment of an instalment, the security money shall be forfeited and the lease considered to have expired.

5th. Further particulars may be learnt on applying to the Officiating Senior Assistant Commissioner at Sumbulpore.

MEMO.

THE following revised Directions for approaching
the Sandheads are published for general infor-
mation.

By order of the Offg. Supdt. of Marine,
H. HOWE,
Fort William, }
The 15th September 1856. }
Secretary.

DIRECTIONS

FOR

APPROACHING THE SANDHEADS IN BOTH MONSOONS.

THE SOUTH-WEST MONSOON.

THE South-West Monsoon may be considered to
commence on the 15th March, on which date the
Pilot Vessels take up their station near the Buoy
on the Pilot's Ridge as described below. The
South-West Monsoon is over by the end of
September.

2nd. False Point Light House is in latitude
20° 19' North and longitude 86° 47' East, and
a Buoy is placed in 21½ fathoms on the Pilot's
Ridge, in latitude 20° 49' North and longitude
87° 42' East, the Buoy therefore bears from False
Point Light House North 59° 49' East, true, and
distant 59½ miles.

3rd. A Vessel, therefore, after making the
Light House at False Point (in passing which she
ought not to go into less than 10 fathoms), should
bring it to bear about West-South-West 10 or 15
miles distant, when she will be in 11 or 12 fathoms;
then steer East-North-Eastward when the sound-
ings will gradually increase to 23 fathoms on the
Eastern edge of the Pilot's Ridge; she should then
regulate her course so as to keep between the Ridge
and 27 fathoms, when, by attention to the lead
and nature of the soundings, course and distance
run from the Light House, it is almost impossible
to avoid making the Pilot Vessels, as their
cruizing ground is immediately to the North-East
of the Light Vessel stationed during the South-
West Monsoon in close proximity to the Buoy on
the Ridge.

4th. The soundings to seaward of the Pilot's
Ridge are, in general, a greenish or olive-colored
mud, with occasionally a few bits of broken shells
mixed with it; whilst those on the Ridge are of
a shelly sand, or minute gravel, of a reddish or
rusty brown color.

5th. Vessels approaching the Station are ear-
nestly warned to be careful in avoiding collision
when communicating with either the Light, or
supplying Pilot Vessels; and, on making the
former at night, they are strongly recommended to
heave to, at a proper distance, till day-light, by
which measure they will avoid the probability of
passing the supplying Pilot Vessels in the darkness
of the night.

6th. The Eastern Channel Light Vessel is in
latitude 21° 04' North and longitude 88½° 14' East,
and therefore bears from the Buoy on the Pilot's
Ridge, North 63° 26' East, true; and distant 32½
miles. The Eastern Channel Light Vessel, from
the 15th March to the 15th September, burns a
blue light every half hour and a maroon every
quarter hour during the night, commencing at
7 P. M.; and her standing light is a plain light.

7th. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8th. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9th. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruise in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.
